25th Annual Handelman Conference

Friday, May 8, 2020
8:00 a.m.–5:00 p.m.

Double Tree By Hilton Rochester
1111 Jefferson Rd.
Rochester, New York 14623

“New concepts and technologies including the use of CBCT in endodontic diagnosis”

Dr. Mohamed Fayad

Dr. Fayad is currently the Director of Endodontic Research, and a Clinical Associate Professor in the Endodontic Department at College of Dentistry at University of Illinois at Chicago (UIC), dividing his time between teaching, research, intra-and extra-mural continuing education and private practice. He currently serves on the Scientific Advisory and Manuscript Review Panels of the Journal of Endodontics, and Evidence Based Endodontics Journal.

“Decisions for long term success of Implant restorations: Screws, Cement, Materials, Methods and Techniques”

Dr. Alfonso Pineyro

Dr. Piñeyro is currently an Affiliate Instructor at the Department of Restorative Dentistry at the University of Washington. He is the past President of the esteemed Washington State Society of Prosthodontists and is also a member of the American College of Prosthodontists and the American Prosthodontic Society.

“Updates on Peri-implantitis, Diagnosis and Treatment Options. What we need to know”

Dr. Hector Sarmiento

Dr. Sarmiento has published multiple articles in many prestigious journals and books, which are standard reading to all dental specialists. He is also an Associate Clinical Professor at the University of Pennsylvania. Dr. Sarmiento is uniquely trained in both Oral & Maxillofacial Surgery and Periodontics and has conducted research in areas such as infected dental implants (periimplantitis) and bone biology.

9:00 am - 5:00 pm

Saturday, April 4, 2020
9:00 am - 5:00 pm

Dr. Nasser Barghi
Professor in the Department of Comprehensive Dentistry at the University of Texas Health Science Center Dental School, in San Antonio, Texas.

Everything you need to know about porcelain veneers, Zirconia crowns and color. Porcelain veneers from start to finish. Includes a lecture, lab exercise, and patient demonstration.

Educational Objectives

- Enhance knowledge and skills related to soft and hard tissue grafting techniques.
- Gain an in-depth understanding of adhesive dentistry and the techniques and materials for esthetic restorations.
- Improve skills in placing and fabricating esthetic restorations.

About the Program

The program will provide participating dentists with a thorough, hands-on understanding of specific treatment-centered areas. Programing is designed to train the practitioner in the evaluation of comparative materials and techniques.

After completing this program, the participants should be able to immediately practice new skills.

SPONSORS

The following organizations have generously provided unrestricted educational grants in support of the Handelman Conference:

Course CE credits – 72 (18 credits per weekend)

Eastman Institute for Oral Health has been designated as an approved sponsor by the New York State constituent of the Academy of General Dentistry and the ADA. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Eastman Institute for Oral Health designates the eight days for 72 hours of continuing dental education credits.
